

Collaroy Plateau Cricket Club
England Tour 2019

Collaroy Plateau Cricket Club is proposing another England Tour in July 2019 for approximately three and a half weeks. The organising committee is currently seeking expressions of interest from those persons who genuinely want to be a part of this unique experience. Join your fellow club members and play cricket on the village green, see the sights of England and see the Australian team play in the 'old dart'. Take the opportunity to see other sporting events such as Wimbledon and the World Darts. Further your international cricket experience with exotic cricketing experiences with a potential 'add on' on the way back.
